FOR IMMEDIATE RELEASE

NetGroup and GGS Offer World-Class Engineering Services

Greensboro, NC – NetGroup Inc. is pleased to announce that it has formed an alliance with GGS Information Services, a Pennsylvania-based corporation. Company officials are expected to meet to present the benefits and host an open house at NetGroup’s facility on Wednesday, October 15, 2014.

This partnership remains committed to providing the highest quality services in a timely and cost-effective manner. With their collective experience, competencies, and management team, NetGroup and GGS strive to become a first-choice engineering services company for both existing and potential customers.

“The alliance with GGS will give us a significant competitive edge by leveraging the expertise and combined global presence of our companies,” said Jorgen Lindqvist, President of NetGroup. “This will allow us to optimize quality, cost, and efficiency of our engineering services to the ultimate benefit of our customers.”

Jan Nystrom, VP New Business Development for GGS, stated, “We are delighted to be joining forces with NetGroup. Our combined capabilities and experience in engineering and technical information services make us an attractive choice for our clients. This is clearly a case where the whole is greater than the sum of its parts.”

About NetGroup Inc.

NetGroup Inc. effectively combines the efficiency, creativity, and entrepreneurship of a small company with the expertise, strength, and capabilities of a much larger organization which means increased flexibility, quicker turnaround times, and greater value to clients in the automotive industry in Europe, Asia, and North and South America. Affiliated with NetGroup AB which employs over 1,000 highly-skilled engineers, NetGroup Inc. offers a complete portfolio of high-quality services, core competencies, and both deep and broad knowledge of vehicle technology.
